Aluminium 3-in-1 Qi MFi Wireless + Apple Watch + QC 3.0 Charger

3in1 Charge three devices at once

Fast wireless charging

Made for Apple Watch

USB-A Quick Charge 3.0

3-in-1 Charging

Get all your devices charged at the same time with the Verbatim 3-in-1 charging station.

Wirelessly charge your Apple Watch, iPhone (8 or later) or other Qi-certified wireless charging enabled device, and a third device by cable via the Quick Charge 3.0 USB-A port.

The charging station is engineered to charge devices as fast as possible, although the actual charging speed is dependent on the device – Apple watches charge at 5W while other devices can charge at up to 15W.

With over-current, over voltage protection, the charger can prevent over-charging your devices' battery.
