

Mid Tower

# C200

**Created to Create.**

## Studio HQ

Build a personal / professional studio with the C200. The case is a mid tower structure, and its versatile interior is designed to suit the needs of any content creator.

## Cool Your Thoughts

Your creations combined with a ton of hardware will need to cool down a bit. The C200's front panel design, allows premium airflow performance. So, no need to cool your creativity, we got you covered!

## If you build it, it will create!

Build your own system with this high compatibility creator chassis. C200 is capable of housing eight drives, two ODDs or use that space for 2-3 hot swappable bays.

\* 2-3 hot-swap drive cage and ODDs are not included. Hot-swap drive cage is sold separately.  
\* Only 1 top fan can be mounted with ATX MoBo and optional drive cage.

## Maximized Interior

Fill the C200 with high-end hardware! It accommodates up to a 420mm CPU, 166mm heatsink and an E-ATX Motherboard.

## Hardware Installed for Creativity

- Motherboard: 12" x 11" (9.6" height)
