

XPG PRIMER GAMING MOUSE

# VICTORY IS IN YOUR HAND

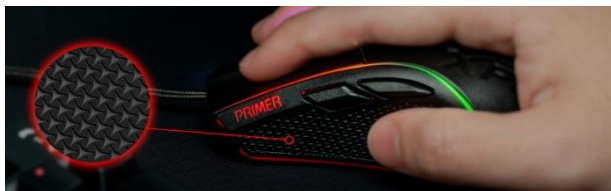

## XPG PRIMER Gaming Mouse

Introducing the XPG PRIMER gaming mouse. Whether you're a veteran that likes a simple mouse with attitude or a novice looking to up your gaming prowess, the XPG PRIMER is for you. Sporting Omron switches with a 20-million-clicks rating, an optical sensor with up to 12000 DPI, and a plethora of design touches for comfort, accuracy, durability, and flair, the XPG PRIMER is ready to up your game!

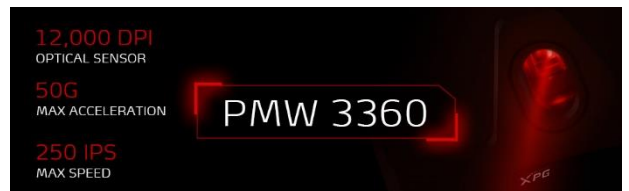

### LONG-SESSION COMFORT

The XPG PRIMER sports textured side grips with anti-slip properties for excellent traction and comfortable gameplay. What's more, it's got the ideal weight (98g ± 5%) so it's not too heavy or too light, perfectly balanced for precise movements.

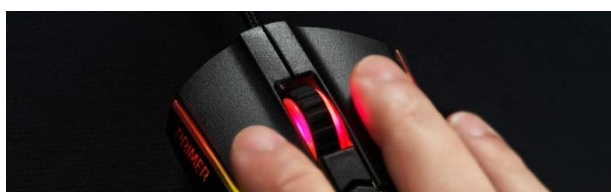

### 12000 DPI PMW3360 OPTICAL

Armed with a PMW3360 optical sensor, XPG PRIMER offers the perfect balance of value, accuracy, and quality. With six preset DPI settings from 400 to 12000, choose the resolution that best serves your needs.

### DURABLE DOUBLE-SHOT SURFACE WITH PBT

The XPG PRIMER's outer shell is made from durable double-shot PBT for a smooth yet non-slippery surface that stays clean and won't wear down or fade after prolonged use.

### OMRON MECHANICAL SWITCHES WITH 20-MILLION CLICKS DURABILITY

Enjoy flawless execution with high-performance actuation responses with Omron switches. These switches are rated for 20-million clicks for high durability, reliability, and a high production yield rate.

### SELECTABLE RGB LIGHTING EFFECTS

The XPG PRIMER has stunning selectable RGB lighting effects to get you into the right gaming mood. The RGB button cycles through four preset light effect settings. Just press the RGB button to get the desired effect.

### ULTRA-LIGHT BRAIDED CABLE

Traditional braided cables can be hard, thick, and cumbersome. In light of this, the XPG PRIMER features an ultra-light and elastic braided cable that's durable, soft, and thin for smoother control.
