

# **550W | 650W | 750W**

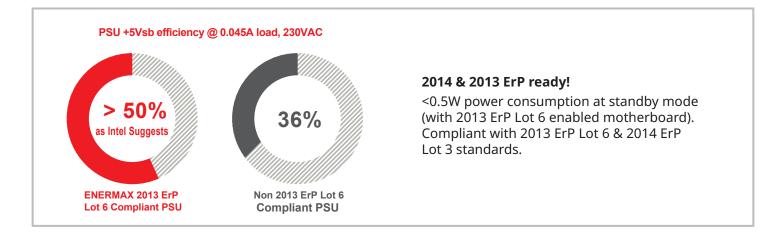

- Non-Modular 80 PLUS<sup>®</sup> Standard Certified
- Japanese Primary Capacitor
- Premium Individually Mesh-Sleeved Cable

### Features

- Easy Installation
  - Non-modular design makes installation worry-free
  - Individually mesh-sleeved cables for better cable management and aesthetically optimized
- Energy Conservation
  - 80 PLUS® standard certified with 85% efficiency at 50% loading, which saves more energy and reduces extra heat
  - Better power factor performance with active PFC
- High Quality
  - The use of Japanese primary capacitor increases the PSU's lifespan
- User Friendly
  - Single rail +12V design makes GPU and CPU operate with less restriction to avoid shutting down from heavy usage
- Safety
  - Multiple protection circuitries of OVP, UVP, OPP, and SCP

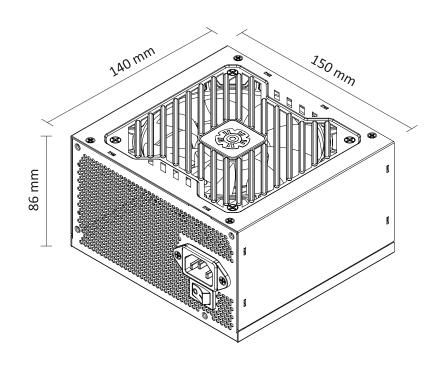

Non-modular design

80 PLUS<sup>®</sup> Standard Certified

High quality Japanese primary capacitor

## Dimension

### Unit:mm

# Cables & Connectors
